

# Safety Recognition Week – 2006

## February 13–16<sup>th</sup>

**Theme: Stop, Think then Act**

**Safety Values**  
Positive Reinforcement of safe behavior(s) is a natural part of our culture.

Alert, I want to thank you for reporting that electrical cord on the Z1 compressor. You have eliminated a hazard that could have potentially injured a fellow co-worker.

The Idaho National Laboratory where Safety is a Value.

**Idaho National Laboratory**  
**Employee Safety Teams and Me**  
Working together towards a World-Class Laboratory

**SOAR**  
Safety Observations Achieve Results

**Join the safety & health fold**

**VPP Star Site**

*Unit Employee Safety Teams will organize and carry out activities at the local level that reinforce safe working behaviors.*
